

# Adding the Turning Account Registration within the Canvas Learning Management System

## Canvas

To use TurningPoint Cloud with Canvas, you must add a Turning Account Registration module to your course navigation pane. This will allow students to register their clicker device and/or mobile license to receive points for classroom polling. Please follow the steps below.

1. Log in to Canvas.
2. Enter your course site.
3. Click **Modules** from the left menu.
4. Select the "+ Module" button to **Add a New Module**.
5. Enter 'Turning Account Registration' in the Name field.
6. Leave **Lock until** unchecked.
7. Click **Add Module**.
8. Within the new module for Turning Account Registration, select the + sign to **Add item to module**.
9. Click the drop-down menu to the right of Add and select **External Tool**.
10. Using the interior scroll bar, Select **Turning Account Registration** from the list.
11. Click **Add Item**.
12. Make sure you **Publish** the module. Both clouds should be green with a check mark.
