

# OIT INSTRUCTIONAL SUPPORT

## The Link Between Teaching and Technology

### Our Programs and Services

#### Request Instructional Technology Help

OIT offers training and consultation on the thoughtful integration of technology in all of your teaching and research endeavors. Partner with OIT specialists in the areas of classroom technologies, graphic design, event recording, video, and software training. We are here to help you with:

- Online (Canvas) course support
- Assessment tools and apps
- Communication and collaboration tools
- Online lecture capture (Panopto)
- Live online course delivery (Zoom)
- Applying varied course modalities: flipped, blended, online, and in-class
- Website development
- Accessibility in Canvas
- Interactive learning strategies (Materia, Canvas)
- Digital media, video hosting; video, audio, and graphic solutions

Ready to get started? Visit the OIT Instructional Support service pages for more on the services available to faculty.  
[oit.utk.edu/instructional](http://oit.utk.edu/instructional)

#### Workshops and Training

OIT's workshops are targeted to help instructors and GTAs strengthen their instructional technology skills. Select from scheduled **live workshops** over Zoom, or select **OIT self-paced learning** for over 30 popular online courses on Zoom, Canvas, and many research-focused topics.

[oit.utk.edu/training](http://oit.utk.edu/training)

#### NEW: Training Development

OIT can develop customized training modules for your group by partnering with you on the design and development process.

[oit.utk.edu/training-development](http://oit.utk.edu/training-development)

#### Teaching & Learning Technologies

##### Online@UT (Canvas)

Canvas, UTK's course management system, provides an easy format for delivering course materials, creating assignments, assessing students, and posting grades. OIT provides comprehensive support for Canvas via workshops, individual or group consultations, and online documentation.  
[oit.utk.edu/online](http://oit.utk.edu/online)

##### Exam Scanning and Scoring (Akindi Assessment)

Use Akindi Assessment, available in Canvas, to create and grade multiple-choice exams for in-person or hybrid classes.

[oit.utk.edu/akindi](http://oit.utk.edu/akindi)

##### Quiz and Question Importing (Akindi Importer)

Use the Akindi Importer to automatically detect and convert your Microsoft Word questions, then import to Canvas to create assessments.

[tiny.utk.edu/akindi-importer](http://tiny.utk.edu/akindi-importer)

##### Online Proctoring (Proctorio)

Proctorio is an automated remote proctoring service that integrates with Canvas to help protect the academic integrity of test-takers.

[oit.utk.edu/proctorio](http://oit.utk.edu/proctorio)

##### Plagiarism Checking (Turnitin)

Turnitin is a plagiarism checker integrated within Canvas that delivers detailed similarity reports to instructors and students.

[tiny.utk.edu/turnitin](http://tiny.utk.edu/turnitin)

##### Request Training for Your Team

Any current OIT workshop can be scheduled for your department or class upon request. Gather a group of participants and we'll schedule a workshop to fit your calendar.

[tiny.utk.edu/oit-groups](http://tiny.utk.edu/oit-groups)

##### LinkedIn Learning (LiL)

UT faculty, staff, and students have full access to LinkedIn Learning, an online library with thousands of courses on software, business, and creative skills. Assign LiL courses to your students.

[oit.utk.edu/LiL](http://oit.utk.edu/LiL)

## Teaching & Learning Technologies

### LiveOnline@UT (Zoom)

Zoom allows faculty, staff, and students to have high-quality audio or video interaction from their computers and mobile devices. Zoom is UTK's preferred online synchronous course delivery tool.  
[oit.utk.edu/zoom](https://oit.utk.edu/zoom)

### Technology-Enhanced Classrooms

OIT provides workshops, online training, and personalized support to help you learn to use classroom presentation equipment and software.  
[classrooms.utk.edu](https://classrooms.utk.edu)

#### Lecture Recording (Panopto)

Panopto is a cloud-based service that allows users to record, share, review, and edit video from their desktop, laptop, and mobile phones.  
[oit.utk.edu/panopto](https://oit.utk.edu/panopto)

#### Personal Response Systems (Clickers, Mobile Devices, & Online Polling)

Students can respond to questions or polls regardless of the delivery mode, face-to-face or online.  
[oit.utk.edu/clickers](https://oit.utk.edu/clickers)

### Web Survey Tools (Qualtrics)

OIT's web survey tools can go beyond just collecting research data. Qualtrics can be used to create instructional modules, forms, and assessments.  
[oit.utk.edu/websurveys](https://oit.utk.edu/websurveys)

### Webcasting

Request video streaming of academic events such as classes, symposia, or special lectures. Video can be streamed live or archived for "on-demand" viewing. There is a cost for webcasting services.  
[oit.utk.edu/webcasting](https://oit.utk.edu/webcasting)

### Digital Media Services

Digital Media Services (DMS) will digitize instructional content such as Bluray and DVD videos, articles, and book chapters for use in classes.  
[oit.utk.edu/dms](https://oit.utk.edu/dms)

## Labs Support

### Reserve a Computer Lab

Faculty may reserve a computer lab for classroom instruction. Check lab availability online at [oit.utk.edu/labs/availability](https://oit.utk.edu/labs/availability). Available labs include Humanities 201 (Mac) and Humanities 202 (Windows).  
[oit.utk.edu/labs](https://oit.utk.edu/labs)

## File Sharing and Storage

### Cloud Storage

Faculty and instructors have access to cloud-based storage solutions through UT-issued Microsoft 365 accounts (OneDrive) and Google accounts (Google Drive).  
[oit.utk.edu/microsoft365](https://oit.utk.edu/microsoft365) | [oit.utk.edu/google](https://oit.utk.edu/google)

## Online Teaching Strategies

### Online Instructor Toolkit

Learn how to apply an efficient process when preparing and teaching online courses, then explore an extensive list of supported software.  
[oit.utk.edu/toolkit](https://oit.utk.edu/toolkit)
